1/5/67

Dear Mrs. Walters,

I cannot make sense out of your letter, do not know what you are trying to say but believe it is anti-Semitic.

I am not anti-Negro, not have I ever been.

I have never inferred that LBJ is in any way involved in the assassination and on the program you apparently listened to without understanding specifically denied and debunked this when someone called in inferring he was.

Sincerely yours,

Harold Weisberg
